## BIG BROTHER IS WATCHING

One of the best known publications of all time, George Orwell's **1984** has sold over 30 million copies worldwide. The novel is known for its disturbing depiction of "perpetual war, pervasive government surveillance and incessant public mind-control" and presented the phrases "ignorance is strength," "doublethink," "Ministry of Truth" and "Big Brother is watching you."

Following its enormously successful U.K. run, this chilling vision of a gloomy, totalitarian future now comes to life in a new stage adaptation written and directed by Robert Icke and Duncan Macmillan. The cast includes Tony Award® winner Reed Birney (*The Humans*) and film and tv stars Olivia Wilde and Tom Sturridge.

**"a chilling, ingenious 101 minutes of theatre"**
