# in transit

a new musical

Featuring an a cappella score from Broadway's freshest creators, including musical minds behind *Frozen* and *Pitch Perfect*, **IN TRANSIT** is a new, contemporary musical, bringing to life a vibrant collection of characters and music in the city that never sleeps...or stands still. Inspired by the energetic rhythms of life on the subway, **IN TRANSIT** follows the interwoven lives of eleven New Yorkers, all wishing to catch the express train to success, love and happiness—and the stops they make along the way.

With a book, music and lyrics by Academy Award® winner Kristen Anderson-Lopez (*Frozen*), James-Allen Ford, Russ Kaplan and Sara Wordsworth and vocal arrangements by Deke Sharon (*Pitch Perfect*, "The Sing-Off"), **IN TRANSIT** is directed and choreographed by three-time Tony Award® winner Kathleen Marshall (*Anything Goes*, *Nice Work If You Can Get It*).
