STRANGER THINGS

THE FIRST SHADOW

“BREATHTAKING THEATRE. IT’S IRRESISTIBLE.” --*The Guardian*

BEFORE THE WORLD TURNED UPSIDE DOWN...

Winner of two 2024 Olivier Awards, including Best Entertainment, this “awe-inspiring sci-fi spectacular” investigates Henry Creel’s move to Hawkins, Indiana in 1959: a regular town with regular worries.

Young Jim Hopper’s car won’t start, Bob Newby’s sister won’t take his radio show seriously and Joyce Maldonado just wants to graduate and get the hell out of town. When new student Creel arrives, his family finds that a fresh start isn’t so easy...and the shadows of the past have a very long reach.

Inspired by Netflix’s *Stranger Things*, this landmark production is brought to life by an award-winning creative team, including Oscar nominee and Tony Award® winner director Stephen Daldry (*Billy Elliot*; *The Inheritance*; “The Crown”) and co-director Justin Martin (*Prima Facie*; *The Inheritance*).

With amazing special effects, extraordinary performances, and a storyline that will keep you on the edge of your seat, this riveting, stand-alone adventure will take you right back to the beginnings of the *Stranger Things* story.
